

COVID-19 Risk Assessment

All employers must conduct a risk assessment. Employers with five or more employees have to record the significant findings of their risk assessment.

We have started off the risk assessment for you by including a basic profile of COVID-19 controls currently in circulation. Look at how this might apply to your business, then review and continue to identify the hazards from COVID-19 that are the real priorities in your specific workplace and adapt the table to suit as necessary. Please complete this assessment alongside [HSE Working Safely During the Coronavirus Outbreak - A Short Guide](#). You can save this template once complete so you can easily review and update the information as and when required. Additional hazards can also be included. This risk assessment should be reviewed against new government guidance as and when this is released.

Organisation name: HOPE BARTON BARNES

What are the hazards?	Who might be harmed and how?	What are you already doing?	Do you need to do anything else to manage this risk?	Action by whom?	Action by when?	Done
Spread of Covid-19 Coronavirus	<ul style="list-style-type: none"> ▪ Staff ▪ Visitors ▪ Guests ▪ Suppliers ▪ Cleaners ▪ Contractors <p>Vulnerable groups such as pregnant workers and those with existing underlying health conditions.</p>	<p>Work From Home Where possible staff are encouraged to work from home when needed.</p> <p>Vulnerable Groups Encourage those shielding or in higher-risk groups to continue working from home.</p> <p>Those that cannot work from home have been moved to lower risk areas of the building/ lower risk activity where they will be greater protected.</p> <p>Travelling to Work Staff carpark onsite Change in shift patterns to reduce congestion during peak travel periods Hand wash facilities provided at entrances</p>	<p>Further Considerations: Re-assign tasks Develop low traffic areas where employees can work independently</p> <p>Further Considerations:</p>	<p>LS</p> <p>LS</p> <p>LS</p>	<p>30/11</p> <p>30/11</p> <p>30/11</p>

		<p>with them and will take advice on any actions or precautions that should be taken.</p> <p>Mental Health Management will promote mental health & wellbeing awareness to staff during the Coronavirus outbreak and will offer whatever support they can to help. Directors will offer full support to LS</p>	<p>Further Considerations: Regular communication of mental health information and an open door policy for those who need additional support are recommended. Directors to keep in close contact with LS</p>	LS/Directors	30/11	

Employers with five or more employees must have a written health and safety policy and risk assessment. It is important you discuss your assessment and proposed actions with staff or their representatives. You should review your risk assessment if you think it might no longer be valid, e.g. following an accident in the workplace, or if there are any significant changes to the hazards in your workplace, such as new equipment or work activities. [For further information and to view other example risk assessments go to http://www.hse.gov.uk/risk/casestudies/](http://www.hse.gov.uk/risk/casestudies/)
